Re: Follow up letter to
Capt: Berggren

Dear Judge Farnan,

As I sit here and listen to the many voices on this pod, I just finished a letter to Captain Berggren. Apparently there are a few other people down here that are connected to this Crip gang and they are plotting a way to get to me, I fear it can happen easily because I've seen it done down here before when I was here a couple of months ago.

They are saying "during recreation and coming out for medication" that they "will" find a way to get to me, I can't place a face with these voices but there are at least 7 different ones. I pray this day that your honor Judge Farnan find an alternative solution before it's too late and I get severely beaten down, these officers are way too relaxed and they (a lot of officers) are friends with a lot of inmates from the street. I can only appeal their behavior for me.

well being at this point but something must be done "Quickly" for my own sake, these attackers were apparently part of a group called the Gyps and at least 7 of them are down here with me plotting on how they are going to get at me. I plead for your mercy, is 4 more months worth my life? its all the level 5 time I have left, I've been here over 2 years and I just want to live long enough to have my one last chance, once again, isn't there some other way to work this out "please". I beg to to just ask yourself "is it worth a man's life?" for 4 months?

Of course I have no say so over all but I am asking please don't let this go down.

With Upmost Respects
Ricky J Hamby
